

Knit Companion Tip

Knit Companion is a knitting aid that helps us keep place with a pattern as long as we need to keep it. You can leave it, start a new project (or two), go back to the one you left and begin right where you left off. It is a wonderful knitting helper.

Kathleen's Tip: If you are working in a wide chart, double tap the left or right margin to rapidly reposition the chart to the left or right margin, instead of having to scroll across the chart.

Check out our calendar for all classes with Kathleen and other members of the KNP staff.

Local Yarn Store Appreciation Day is April 27th, 2019

Drawing Winners

Winner of our monthly drawing for March is Naomi Timberlake.

To enter the drawing, spend \$50 dollars in the shop and enter your chance to win. This month is a pattern from Sirdar and three skeins of Hush with which to make the shawl.

Pat was the winner of our bag of goodies for the Novel-T KAL. She got a bag, a book, a wireless speaker, some hand-creme and some stickers! Don't we just love "swag"?

Yarn of the Month

Diamond Luxury Foot Loose /Sock Yarn Hand Dyed

75% Super Wash Merino

25% Polyamide

30 sets/42rows over 4 inches

This yarn is really flying off the shelf and there's not much left! Get it while you can! It is a beautiful yarn!

Yarns

Verdigreen with Martina

Martina will be knitting this beauty in June; 1st, 15 & 22nd from 11-1 PM. We are using a DK weight yarn. Cascade Whirligig and Berroco Vintage DK, 1 skein each.

Verdigreen is an eye-catching textured triangle designed for having fun with color and contrast.

The pattern is designed to be interactive, both the straight and mullioned sections are indefinitely repeatable, and the knitter can shift between the two sections to make a unique creation.

The unusual stitch pattern is created by alternating stripes of stockinette and reverse stockinette, overlaid with lines of slipped stitches and mini-cables, creating a

dynamic and 3 dimensional filigree effect.

It is ideal for showing off two contrasting or complementary skeins, or try a solid paired with a speckled or gradient for dynamic results.

Suits heavy fingering to worsted weight yarn in any yardage between approx 600m and 900m. (Sample used 2 skeins of Gobsmacked Silky Yak.)

The design can be worked entirely from the written pattern, or from charts with some notes.

The Throwback KAL with Martina

Come knit at the social table with Martina as we use our locked floats technique to knit this beautiful classic! If you haven't learned locked floats, you may also join if you are confident in color work.

We will meet Thursdays starting April 18 and run through May 23rd. Meeting @ 2-4 PM each week. You need to come in and get your yarn, pattern and get gauge before we meet the first week.

This sweater is intended to be worn with approximately 5"/13 cm positive ease. There are notes in the pattern to help with picking the size best suited for you! For more information on yarn, materials, and skills, click on our calendar button.

Beginner Knitting for Your Child (8+ years)

Once school ends, we will offer classes for young boys and girls starting at age 8 and up. If you have a child who wants to learn this skill, we would love to help him/her learn as much as we can.

Check out our Forum if you are curious about how our KAL's and what knitters get accomplished in them. Participants post while the KAL is in progress, and we try to get a final picture of the garment or accessory! Click on the button below to check out any of our KALs in which you were interested.
