Still Christmas in July Here!

Keep in mind that in our last email; we sent you a flyer that outlined the many yarn sales for July. Just a reminder that **those sales will continue for the remainder of the month!**

Another yarn that you might want to consider buying when you see Molly's version of [Giulia](#) is Sunseeker. Martina is working on several samples (She and Molly never stop knitting and/or crocheting). [Artesian](#) is coming along quite well as is Martina's Illusion Scarf.

Knit it or crochet it, it doesn't matter; what matters is that you have a strong, reliable, beautiful yarn! Of which, we have plenty. You can just review the yarns on our Christmas in July sale to see some of the ones we carry! There are many more listed on our website.

The shop girls have put together the Five Accessories for Christmas 2018. The knit list comes out today; the crochet list comes out in our next newsletter. Some of you have done these accessories every year since we started them, and we hope you all continue. They will make great gifts for a loved one, a friend, or for yourself.

Our shop is bursting with possibilities for you all. Just come in and see what we have; enjoy the cool air and warm hospitality of our sales staff.

*If you are getting two of these newsletters, give us a call or send an email to us and we will fix the problem. We have combined all of our data bases and think there may be some repetition in names. (843-945-9484 or yarn@kintnpurl.com).
