

The poppy has come to symbolize the men and women who have made the ultimate sacrifice fighting to preserve our safety and our way of life. We all know that America has a lot to fix, but we also know that 640,000 men and women have given their lives for us and our posterity since WWI. We must remember them on Memorial Day. We should do all we can for our country lest their deaths be lost in vain.

If you are serving or have served in the armed forces for our country,

Thank you!

Be safe wherever you are.

Our thoughts and prayers are with you all.
