What's Up?

New Store Hours Starting May 1! Tuesday – Saturday 10 – 5 PM!

Though we have no Knit Companion classes on our calendar at this time, we would like to encourage those of you who like to work with digital copies of patterns to try the free introduction to KnitCompanion NG (next generation). Many of us at KNP use it and love many of its features, especially the fact that we can close a project and not go back to it for weeks (or months) and know exactly where we stopped. If you tried the first KC and didn't like the long set up, the next generation does most of the work for you. You have very little to do to get started with a new project. If you try it and want to learn more, Kathleen makes it so easy for you to master the skills needed to make you fall in love with it. There is also a help menu that will give you a lot of information.

All of us at KNP want to help you become a better knitter in any way that we can. When you next come to Myrtle Beach, be sure to visit our shop. Call ahead and we will set up a class just for you (and your friends).

Martina has ideas about just how to serve all of our local knitters and distant knitters better. Have you ever had a yarn truck visit your area? Get ready; it could happen! Though we would like to visit the frozen North, we must confine our travel to a more local audience. If you would like to see a yarn truck in your area, let us know!

Yarn of the Month

Our yarn of the month for May is Zooney, a wonderful blend of linen and cotton. We have wonderful bright colors for summer and a few colors that can be worn with anything. We have several samples made with Zooney that you can see in the picture to the right. For May this yarn is 25% off the regular price of \$15.50, Check out our web page to see which colors we have in stock. This sale refers to yarn in stock, not for special orders.
